

## *Manufacturing.net*: Manufacturing in 2018: Brave New World?

Articles / Publications

03.19.2018

In an article published on March 9, 2018 on Manufacturing.net, Katy Willis expands on changes manufacturers should expect surrounding human resources issues in the upcoming year. "With sufficient forethought and preparation, the prudent manufacturer will move into the new year armed to address the unexpected changes that are sure to come in 2018," Willis states.
